We have reviewed the accompanying 30 September 2025 condensed consolidated interim financial statements of Zain Bahrain B.S.C. (the "Company") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 September 2025;

The Board of Directors of the Company is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed consolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2025 condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

**17. INCOME TAX**

The Kingdom of Bahrain issued and enacted Decree Law No. (11) of 2024 ('Bahrain DMTT law') on 1 September 2024 introducing a domestic minimum top-up tax ("DMTT") of 15% on the taxable income of the Bahrain resident constituent entities of the MNE group for fiscal years commencing on or after 1 January 2025. The multinational enterprise (MNE) group is subject to the OECD Global Anti-Base Erosion Pillar Two Model Rules ('GloBE rules') that apply to MNE groups with total annual consolidated revenue exceeding EUR 750 million in at least two of the four preceding fiscal years.

The Ultimate Parent Entity, Oman Telecommunications Company SAOG (domiciled and operating in the Sultanate of Oman), along with the Parent Entity, Mobile Telecommunications Company K.S.C.P. (domiciled and operating in the State of Kuwait), has assessed its position and determined that it falls within the scope of the GloBE rules.

As per the Group's assessment of applicability of the Bahrain DMTT law and GloBE rules, while it is within the scope of the DMTT law and GloBE rules, the tax liability for the fiscal year 2025 is expected to be reduced to 'Nil' for the Group, as the Group is expected to meet certain conditions for exclusion as specified in the Bahrain DMTT law and related legislation. Accordingly, no tax provision has been recognised for the period from 1 January 2025 to 30 September 2025.
