## **REPORT ON REVIEW OF THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF TAKAFUL INTERNATIONAL COMPANY B.S.C.**

### **Introduction**

We have reviewed the accompanying interim condensed financial statements of Takaful International B.S.C. (the "Company") as at 30 June 2021, comprising of the interim statement of financial position as at 30 June 2021 and the related interim statement of income for the three and six month periods then ended and the related interim statements of changes in shareholders' equity, changes in participants' fund and cash flows for the six-month period then ended and explanatory notes. The Board of Directors of the Company is responsible for the preparation and presentation of these interim condensed financial statements in accordance with the basis of preparation and accounting policies described in note 2. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

### **Scope of review**

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with the basis of preparation and accounting policies described in note 2 to the interim condensed financial statements.

### **Other matter**

Due to the outbreak of the novel coronavirus (COVID-19) in early 2020, the CBB vide its circular OG/124/2020 dated 30 March 2020 had exempted all public shareholding companies and locally incorporated banks from preparation and publication of interim condensed financial statements for the three-month period ended 31 March 2020. Accordingly, we have not reviewed the comparative information for the three-month period ended 30 June 2020 presented in these interim condensed financial statements which have been extracted from management accounts and, we do not express any review conclusion on them.

At 30 June 2021

## 1 ORGANISATION AND ACTIVITIES

Takaful International Company B.S.C. (“the Company”) is a Bahraini public shareholding company registered with the Ministry of Industry and Commerce and Tourism in the Kingdom of Bahrain and operates under commercial registration number 21100 obtained on 11 April 1989. The Company provides Takaful and related insurance products and services.

The activities of the Company are organised on the principles of Sharia’a. The principal activity of the Company is to manage the General and Family takaful activities and investments by adopting wakala and mudarabha models respectively, on behalf of the participants in accordance with the Islamic Sharia’a principles. The retakaful activities are organised on an underwriting year basis with the participants pooling their contributions to compensate for losses suffered in the pool on occurrence of a defined event.

### Impact of COVID-19

The spread of coronavirus (“COVID-19”) pandemic has severely impacted various economies globally, causing disruption to business and economic activities. This has resulted in a global economic slowdown with uncertainties in the economic environment. Global stock markets have also experienced great volatility and a significant weakening. Governments and central banks have responded with monetary and fiscal interventions to stabilize economic conditions.

The extent and duration of its business and economic impacts remain uncertain and dependent on future developments that cannot be accurately predicted at this time, such as the transmission rate of the coronavirus and the extent and effectiveness of containment actions taken. These developments could impact our future financial results, cash flows and financial condition.

The registered office of the Company is in the Kingdom of Bahrain.

The interim condensed financial statements of the Company were authorised for issue in accordance with a resolution of the Board of Directors dated 3 August 2021

## 2 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

### ***Basis of presentation***

The condensed interim financial information has been prepared in accordance with International Accounting Standard 34 - “*Interim Financial Reporting*”. The condensed interim financial information should therefore be read in conjunction with the annual audited financial statements prepared as at, and for the year ended 31 December 2020 which has been prepared in accordance with the Financial Accounting Standards (“FAS”) issued by the Accounting and Auditing Organisation for Islamic Financial Institutions (“the AAOIFI”). For recognition and measurement matters which are not covered by the AAOIFI standards, including Interim Financial Reporting, the Company uses guidance from International Financial Reporting Standards issued by the International Accounting Standards Board.

During 2020 as a result of COVID-19, the CBB issued various circulars on regulatory concessionary measures including circular OG/124/2020 dated 31 March 2020, in which the CBB exempted all public shareholding companies and locally incorporated banks from preparation and publication of interim condensed financial statements for the three-month period ended 31 March 2020. Accordingly, the Company did not publish reviewed interim condensed financial statements for the period ended 31 March 2020 and therefore the comparative information for the three-month period ended 30 June 2020 included in these interim condensed financial statements have been extracted from management accounts on which neither an audit opinion nor a review conclusion was issued.

### ***Significant accounting policies***

The accounting policies used in the preparation of the interim condensed financial statements are consistent with those used in the annual audited financial statements of the Company prepared as at, and for the year ended 31 December 2020 except for the adoption of new and amended standards issued and effective for annual periods beginning on or after 1 January 2021.

At 30 June 2021

**2 SIGNIFICANT ACCOUNTING POLICIES (continued)*****Significant accounting policies (continued)*****FAS 31 Investment Agency (Al-Wakala Bi Al-Istithmar)**

This standard defines the accounting principles and reporting requirements for investment agency (Al-Wakala Bi Al-Istithmar) transactions and instruments, in the hands of both the principal and the agent. The standard requires the principal to evaluate the nature of the investment as either a) a pass-through investment or b) wakala venture. This standard does not have any impact on the financial statements of the Company.

**FAS 32 Ijarah**

This standard supersedes FAS 8 "Ijarah and Ijarah Muntahia Bittamleek". FAS 32 sets out the principles for the classification, recognition, measurement, presentation and disclosure of Ijarah type transactions including their different forms entered into by an institution, in both the capacities of lessor and lessee. This standard is effective beginning 1 January 2021.

Under this standard, an institution, in its capacity either as lessor or lessee shall classify each of its Ijarah into a) operating Ijarah b) Ijarah Muntahia Bittamleek with expected transfer of ownership after the end of the Ijarah term – either through sale or gift; and c) Ijarah Muntahia Bittamleek with gradual transfer – with gradual transfer of ownership during the Ijarah term including Diminishing Musharaka Ijarah.

The standard includes two recognition exemptions for Ijarah – Ijarah of "low-value" assets (e.g., personal computers) and short-term Ijarah (i.e., Ijarah with a Ijarah term of 12 months or less). At the commencement date of the Ijarah, a lessee will recognize an asset representing the right to use the underlying asset during the Ijarah term (i.e., the right-of-use asset) and a net Ijarah liability, duly comprising of a) gross Ijarah liability and b) deferred Ijarah cost (shown as contra-liability). Further, the net Ijarah liabilities should be netted off against the advance rental's payments made prior to the commencement of Ijarah term.

Upon adoption of FAS 32, the Company applied a single recognition and measurement approach for all Ijarah in which it is the lessee, except for short-term Ijarah and Ijarah of low-value assets. The Company recognised Ijarah liabilities to make Ijarah payments and right-of-use assets representing the right to use the underlying assets. The Company adopted FAS 32 using the modified retrospective method of adoption with the date of initial application of 1 January 2021 and accordingly, the comparative information is not restated.

When measuring Ijarah liabilities, the Company discounted Ijarah payments using its incremental borrowing rate at 1 January 2021. The effect of adopting FAS 32 as at 1 January 2021 is disclosed as follows:

	<b>1 January 2021 BD</b>
<b>Assets</b>	
Right-of-use assets	599,840
Prepayments	(17,068)
	<u>582,772</u>
<b>Owners' equity</b>	
Retained earnings	<u>(5,729)</u>
<b>Liabilities</b>	
Ijarah liabilities	<u>588,501</u>

## 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

### *Significant accounting policies (continued)*

#### **FAS 32 Ijarah (continued)**

##### a) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the Ijarah (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated amortisation and impairment losses, and adjustment for any effect of Ijarah modification or reassessment. The cost of right-of-use assets represents the fair value of total consideration paid / payable and includes initial direct costs and any dismantling or decommissioning costs. The Company amortises the right-of-use assets from the commencement date to the end of the useful economic life of the right-of use assets which coincides with the end of the Ijarah term using a systematic basis that is reflective of the pattern of utilization of benefits from the right-of-use asset. Right-of-use assets are also subjects to impairment in line with FAS 30 requirements.

##### b) Ijarah liabilities

At the commencement date of the Ijarah (i.e., the date the underlying asset is available for use), the Company recognises Ijarah liabilities measured at the fair value of total rentals payable for Ijarah term. After the commencement date, the amount of Ijarah liabilities are increased to reflect return on the Ijarah liabilities – by way of amortisation of deferred Ijarah cost and reduced to reflect the Ijarah rentals made. In addition, the carrying amount of Ijarah liabilities is remeasured if there is a modification, a change in the Ijarah term or change in the in-substance fixed Ijarah payments.

#### **FAS 34 Financial Reporting for Sukuk -holders**

This standard prescribes the accounting principles and reporting requirements for underlying assets of a sukuk instrument. It requires the originator to prepare or cause to prepare financing reports as needed under this standard. This standard does not have any impact on the financial statements of the Company.

#### **FAS 36 First Time Adoption of AAOIFI Financial Accounting Standards**

The standard provides principles of financial reporting for Islamic financial institutions (the institutions), to be applied in the financial statements prepared for the first time according to the AAOIFI FASs, and to prescribe the transitional effects at the time of adoption. This standard does not have any impact on the financial statements of the Company.

#### **New standards issued but deferred by AAOIFI**

The Accounting Board of AAOIFI in its meeting held on 22-23 June 2020 has clarified that till the project of revision of certain FASs is complete, the takaful companies are subject to the investments impairment and classification requirements of FAS 25 'investments in Sukuk, shares and similar instruments' therefore the following issued AAOIFI FASs are extended till the date of completion of revision of certain takaful standards.

#### **FAS 30 Impairment, credit losses and onerous commitments**

The standard fundamentally changed the accounting for impairment losses for financial assets by replacing FAS 11 "provisions and reserves" incurred loss approach with a forward-looking Expected Credit Loss (ECL) approach on all receivables and off-balance sheet exposures including guarantees, letters of credit and other similar positions which are subject to credit risk.

The assets subject to credit losses will be categorised in the following three stages:

- |         |  |
|---------|--|
| Stage 1 | Performing receivables: receivables that are not significantly deteriorated in credit quality since origination. The impairment provision will be recorded based on 12 months ECL. |
| Stage 2 | Underperforming receivables: receivables that have significantly deteriorated in credit quality since origination. The credit losses will be recorded based on life time ECL.      |
| Stage 3 | Impaired receivables: For receivables that are impaired, the impairment provision based on life time ECL will be recognised.   |

At 30 June 2021

## 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

### *Significant accounting policies (continued)*

#### **New standards issued but deferred by AAOIFI (continued)**

##### **FAS 30 Impairment, credit losses and onerous commitments (continued)**

The Company will be required to consider the forward-looking information in its assessment of significant deterioration in credit risk since origination as well as the measurement of ECLs. The forward-looking information will include the elements such as macroeconomic factors (e.g., equity prices and oil prices) and economic forecasts obtained through external sources.

The Company will evaluate a range of possible outcomes and scenarios. For each scenario, the Company will derive an ECL and apply a probability weighted approach to determine the impairment provision.

##### *Impairment approach*

Impairment losses will be recognised on all other financing, investment assets and exposures subject to risks other than credit risk (excluding investments carried at fair value through statement of income).

The impairment losses will be measured by which the carrying amount of an asset exceeds its recoverable amount. The recoverable amount will be the higher of its fair value less costs of disposal and its value in use.

##### *Provision for onerous contract or commitment to acquire an asset*

The Company will recognise provision when the Company is obligated to acquire an asset under a future commitment or contracts permissible to be entered in the future, and it is expected that the obligation under the contract or commitment is higher than the economic benefits expected to flow through acquisition of such asset. In such situation, the Company will create a provision on this account reflecting the expected losses arising on such transaction.

##### **FAS 33 Investment in sukuk, shares and similar instruments**

This standard aims at setting out principles for the classification, recognition, measurement, presentation, and disclosure of investments in Sukuk, shares and other similar instruments of investments made by Islamic financial institution. The standard defines the key types of instruments of Shari'ah compliant investments and the primary accounting treatments commensurate to the characteristics and business model of institutions under which the investments are made, managed and held.

#### ***New standards issued but not yet effective***

Standards, interpretations and amendments to existing standards issued but not yet effective up to the date of issuance of the Company's interim condensed financial statements are disclosed below. The Company reasonably expects these issued standards, interpretations and amendments to existing standards to be applicable at a future date. The Company intends to adopt these standards, interpretations and amendments to existing standards, if applicable, when they become effective:

- *'FAS 37 "Financial Reporting by Waqf Institutions" (effective 1 January 2022)*  
*The standard establishes principles of financial reporting by Waqf financial institutions, which are established and operated in line with Shari'ah principle and rules.*
- *FAS 38 Wa'ad Khiyar and Tahawwut (effective 1 January 2022)*  
*The standard prescribes the accounting and reporting principles and requirements for Wa'ad (promise), Khiyar (option) and Tahawwut (hedging) arrangements for the institutions.*

The Company's management is currently assessing the impact of the above standards, interpretations and amendments on the condensed interim financial statements of the Company.

At 30 June 2021

### 3 EARNINGS PER SHARE

The calculation of earnings per share is based on the profit for the six-month period ended 30 June 2021 - Reviewed of BD 481,584 (30 June 2020 BD 359,683) attributable to 85 million (2020: 85 million) weighted average number of ordinary shares, being the number of ordinary shares outstanding during the period. The Company does not have any potentially dilutive ordinary shares, hence the diluted earnings and basic earnings per share are identical.

### 4 SEGMENTAL UNDERWRITING RESULTS

#### **Business segments – primary reporting segment**

For management purposes, the Company is organised into departments based on the classes of insured risks. The reportable operating segments of the Company are as follows:

**Fire and general** takaful offers insurance policies to cover various risks of fire, sabotage and terrorism, engineering and general accident.

**Medical** takaful offers insurance policies to cover risks of medical contingencies and expenses.

**Motor** takaful offers insurance policies to cover risks of motor third party, motor comprehensive and extended warranty.

**Marine and aviation** takaful offers insurance policies to cover risks of marine cargo, marine hull and aviation.

**Family takaful** offers insurance policies to cover risks of group takaful and group credit, protection (decreasing term assurance/ life term assurance) and also for group savings, individual savings, education and cash back.

Management monitors the underwriting results of the operating segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on underwriting profit. The following table presents disclosure of segment revenues, measurement of segment profit for the period and their reconciliation to the Company's income and profit for the period.

Takaful International Company B.S.C.

**Valuation methods & assumptions**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date.

Fair values of quoted securities are derived from quoted market prices in active markets, if available. For unquoted securities, fair value is estimated using appropriate valuation techniques. Such techniques may include using recent arms length market transactions; reference to the current fair value of another instrument that is substantially the same; or other valuation models.

The fair value of funds that are listed on active markets are determined by reference to their quoted bid prices. The fair value of unlisted funds are based on net asset values which are determined by the fund manager using the quoted market prices of the underlying assets, if available or other acceptable methods such as recent price paid by another investor or the market value of comparable companies.

**Fair Value Hierarchy**

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

**Level 1:** quoted (unadjusted) prices in active markets for identical assets or liabilities;

**Level 2:** other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

**Level 3:** techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

	<b>5,386,358</b>	<b>-</b>	<b>188,573</b>	<b>5,574,931</b>

**Significant unobservable inputs to valuation - Equity-type instruments at fair value through equity in unquoted equity**

A reasonably possible increase / (decrease) in the key assumptions by 10% would result in a fair value increase / (decrease) of BD 23,139 / (BD 23,139) (31 December 2020: increase / (decrease) of BD 18,857 / (BD 18,857)).

**Transfers between Level 1, Level 2 and Level 3**

During the six-month period ended 30 June 2021 there were no transfers between Level 1 and Level 2 fair value hierarchies, and no transfers into or out of Level 3 fair value hierarchy (30 June 2020: No transfers).

**Carrying amount and fair values of financial instruments not carried at fair value**

The management assessed that the fair values of statutory deposits, cash and balances with banks cash and bank balances, takaful and retakaful receivables, debt-type instruments at amortised cost, retakaful providers' share of takaful liabilities, other receivables, accrued income and prepayments, takaful liabilities payables and payables and accrued liabilities, approximate their carrying amounts largely due to short-term maturities of these instruments. These financial instruments are classified under level 2 of the fair value hierarchy.

SUPPLEMENTARY DISCLOSURE TO THE  
FINANCIAL STATEMENTS  
At 30 June 2021

---

**(The attached financial information do not form part  
of the interim condensed financial statements)**

## Takaful International Company B.S.C.

### SUPPLEMENTARY DISCLOSURE TO THE FINANCIAL STATEMENTS RELATED TO THE FINANCIAL IMPACT OF COVID-19 AS AT 30 June 2021

COVID-19 pandemic continues to present challenges for many entities throughout the world. The pandemic arrested the growth in business & resulted in pulling down the activities of the Company. However, the financial impact was insignificant. The Company is actively monitoring the COVID-19 situation, and in response to this outbreak, has activated its disaster recovery, business continuity & risk management plans to manage the potential business disruption on its operations and financial performance.

The Central Bank of Bahrain (CBB) announced various measures to combat the effects of COVID-19 to ease liquidity conditions in the economy as well as to assist financial institutions in complying with regulatory requirements.

The pandemic as well as the resulting measures and policies have had some impact on the Company as at 30 June 2021:

- There was no major loss of contributions.
- There was no reduction in assets.
- The Company's liquidity was un-affected due to the situation.
- The Company continues to meet the regulatory requirements of minimum capital.
- The slow-down in the local economy resulted in nominal reduction in claims.
- There was no direct effect of COVID-19 situation on general expenses during the first & second quarter of 2021.

The overall impact of COVID-19 situation on the financial statements as at 30 June 2021 as assessed by the Company is as below:

	<b>Shareholders</b>
	<b>BD</b>
<u>Revenue Expenditure</u>	
Sterilization & Disinfection of Premises, Sanitizers, Masks & Gloves, Depreciation, etc.	135
COVID-19 rapid test expenses for employees	144
<b>Total Revenue Expenditure</b>	<b>279</b>
<u>Capital Expenditure</u>	
Cost of Laptops for contingency plan	2,240
<b>Total Capital Expenditure</b>	<b>2,240</b>

The above supplementary information is provided to comply with the CBB circular number OG/259/2020 (Reporting of Financial Impact of COVID-19), dated 14th July 2020.

This disclosure should not be considered as an indication of the results of the entire year or relied upon for any other purposes. Since the situation of the COVID-19 is uncertain and is still evolving, the above impact is as of the date of preparation of this information. Circumstances may change which may result in this information to be out-of-date. In addition, this information does not represent the exact full comprehensive assessment of COVID-19 impact on the Company. This information is not subject to a formal review by the external auditors.
